WELCOME TO THE MOTHER CITY

"If you're considering visiting one of the world's best cities that has an interesting history to explore, think no further than Cape Town, situated at the tip of Africa. Popularly known as the "Mother City", the city has some of South Africa's most important history and culture. The city's beauty is complemented by Table Mountain, which sits majestically in the background" - South Africa Tourism

"Sporty, stylish, stunning, sociable... If Cape Town was a person, it would be that Hollywood starlet we all secretly envy. The Mother City is unlike any other destination in Africa: Separated from the rest of the continent by a ring of mountains, Cape Town stands as a glittering, metropolis juxtaposed with one of the world's most breathtaking natural landscapes.

But good looks aren't the only thing Cape Town has going for it. You'll fall in love with this city's khaki-colored beaches, rolling vineyards, sizzling cuisine, thriving nightlife, and, of course, the spectacular [Table Mountain](#)" - US News Travel
